

# Our Environmental Statement

The Sharp Polymer Solutions Ltd is committed to minimising the negative impact of its activities upon the environment. This principle will always feature in our decision making process.

Landfill will be the last option, wherever viable we will always recycle, recover or re-use material.

We will always ensure full compliance with relevant environmental legislation as a minimum.

All Sharp Polymer Solutions Ltd divisions will continuously monitor its performance to ensure best practice and set targets for further improvement.

Labour will be sourced locally wherever possible, to reduce the impact of travel. All energy will be regarded as a scarce resource and treated accordingly.

We aim to continually develop products and services for our customers to help improve the environment.
